**Description:**

This project serves to create a cohesive streetscape design which enhances & beautifies the street. The proposed project will reconfigure E. Cherry St to a semi-pedestrian promenade, with 10ft-wide sidewalks on both sides of a one-way vehicle travel lane & one-side parking. Proposed improvements include concrete & decorative paver sidewalk, parking lane with removable bollards, & crosswalk upgrades. To beautify the street, trees & tree grates will also be installed the extent of the street, creating a lush, vibrant streetscape incentivizing pedestrian travel & lower travel speeds among motorists.
